Onsite Consulting Program

4 Steps. 4 Months. **Done.**

Core Business Solutions has a unique approach for small businesses, which combines dedicated, onsite consulting visits with technology to walk you – step-by-step – through the process to successful certification. We provide both online and onsite training for your team, ensuring everyone involved is fully educated about the process and details of ISO.

Onsite consulting programs are designed for small businesses who are short on time or resources, or have more complicated Management Systems.

Our typical program covers 4 Steps in 4 months, allowing companies to complete certification in just **16 weeks** (or less depending on your timeframe and resources available!).

- Our most complete ISO 9001 consulting program
- Available for multiple standards
- Onsite consulting visits during the project
- Your consultant writes the required documents
- Can be completed in 4 months or less
- 100% successful guaranteed certification

Expedited Certification Request

Core Business Solutions' normal certification process is 3-4 months. **However, we have some customers that need certification really fast.**

If you need your certification in **30 days or less**, we can help. We offer expert consulting assistance to get you prepared for your certification audit in addition to helping you find a Registrar that will certify you quickly. We can make sure you've got your certificate in hand by the date needed.

And after you are certified, we offer services to assist in a successful implementation to maintain your certification, so you don't lose it for your next bid, RFP or customer request.
