

ONSITE CONSULTING SUPPORT *for small business*

Whether pursuing certification to one standard or tackling **multiple certifications**, our Onsite Consulting Program provides the maximum, onsite support with the minimum impact on your internal time and resources. Since 2000, Core Business Solutions consultants have followed a proven approach specially designed for the needs of smaller companies. Complete your ISO **certification in 4 months or less** with the help of a dedicated, expert Core consultant.

It's like having an extra set of hands with the experience needed to achieve certification. Combining, **onsite consulting visits** with technology, our programs are designed for small businesses who are short on time or resources, or have more complicated Management Systems. Your consultant will guide you - step-by-step - through the process, **writing the required documents for you**, and **educating your team** to ensure everyone involved is fully informed about process and details of ISO. We provide **two support options** with onsite training for your team, and a **100% successful certification guarantee**.

Follow our **Four Steps to Certification**

1. PLAN

Gap analysis, training, and registrar selection

2. IMPLEMENT

Define processes and measures, quality manual and documentation, and develop documents and records

3. REVIEW

Internal auditor training, internal audit, and management review

4. CERTIFY

Registrar audit, corrective actions, and receive certificate

In a hurry? Ask about **expedited certification.**

Core Business Solutions' normal certification process is 3-4 months. However, we have some customers that **need certification really fast.**

If you need your certification in **30 days or less**, we can help. We offer expert consulting assistance to get you prepared for your certification audit in addition to helping you find a Registrar that will certify you quickly. We can make sure you've got your certificate in hand by the date needed.

And after you are certified, we offer services to assist in a **successful implementation** to **maintain your certification**, so you don't lose it for your next bid, RFP, or customer request.

We support the following standards, **and more.**

ISO 9001

ISO 13485

ISO 14001

ISO 45001

ISO 27001

AS9100/AS9120
